## Annual Report : 2018-19

### **Mission:**

ICERT shall strive for Inclusion of the marginalized individuals and marginalized masses in the overall development mainstream of the country and humanity.

### **Vision:**

- Multi-sectoral activities targeted at the holistic inclusion and growth (social, cultural, economic, educational, intellectual, and otherwise) of the marginalized individual, without discrimination of caste, creed, age, sex, religion, faith and social status.
- Creation of focused verticals for providing hand-holding assistance for self-development and self-reliance.
- Inducing social change without disturbing the cultural fabric. Bringing about behavioral changes by soft penetration and confidence-building.
- Dynamic work strategies for covering the ever-changing needs of socio-economic, cultural and educational environments of the target areas and target segments.
- Building a committed, focused and skill-based team of professionals, consultants and trainers for self-sustained support.
- Formation of groups, co-operatives, clubs, organizations, institutions and business models for ultimate self reliance.
- Commitment of all individuals associated with ICERT in any form whatsoever for paying-back their debts and acclamations to the Society-at-large.
- Linking the individual and the masses to any and / or all available benefits and schemes offered by the Central, State and Provincial Government(s), PSUs and SPVs. Social advocacy and evaluation of impact of the various actions of ICERT and the Government(s).

## **About us :**

**Institute of Continuing Education Research and Training (ICERT for short) was founded by a group of hardcore professionals. It is a registered organization making its endeavor to serve the most marginalized and the vulnerable communities. ICERT strives to make a change in the lives of the most disadvantaged through meaningful interventions.**

**ICERT now has vast experience and expertise in initiating, running and managing Public-Private-Partnership (P.P.P.) initiatives in the Rural Health Management Sector, especially in the curative care. It also has to its credit the vast experience in vocational and issue-based training, human resource development, personality and soft skills development, empowerment, health issues, health camps, running of rural hospitals, diagnostics and surgeries, running of mobile medical units (health vans), etc.**

**This year, ICERT successfully completed ten years of rural health management work, and lauds itself for the insight, innovation and passionately delivered quality health services. In its on-going mission of reaching urban-quality health services to the rural and far-flung, hard-to-reach masses in tribal belts of Jharkhand, ICERT has again come into understanding with the Department of Welfare, Government of Jharkhand for setting-up from scratch, running and managing two fifty-bedded Tribal Welfare Rural Hospitals in P.P.P. Mode in two new locations : Mananchotang of Latehar District and Bano of Simdega District. It is noteworthy that owing to dependable and responsive services, patients from a radius of more than 25 Kilometers arrive at the said hospitals for treatment.**

**Institute of Continuing Education, Research & Training has been operational since 2003, and was registered under the provisions of Societies' Registration Act 1860 with the Inspector General of Registrations, Government of Jharkhand in the year 2005.**

**Running and management of 07 state-of-the-art Mobile Medical Units (fully furnished mobile polyclinics) in P.P.P. Mode with the Jharkhand Rural Health Mission Society (NRHM), Department of Health, Family Welfare & Medical Education has delivered access to Allopathic system of medicine at the doorstep of tens of under-served or un-served villages. Real-time diagnostics and free medication with availability of qualified and experienced medical and paramedical personnel has given ICERT its "Brand of Trust"!**

**Our personnel in the field identify and provide referral support to the rural patients who need higher medical intervention, and provide such useful data to the District-level Hospital and the Chief Medical Officer of the concerned Districts for follow-up action and providing referral relief.**

**ICERT also helps in implementation of all State-level and National-level Health Initiatives and Special Programs from time to time which include H.I.V., Malaria & Vector-Borne Diseases, Leprosy, Filaria, Blindness Control, Family Planning (N.S.V.), Pulse Polio and other immunization schemes .**

	15-10-18	Ben Chansky 162 Brookline St. Cambridge MA 02139		Visited hospital with Dr. Devendra Singh. Toured each of the rooms. Staff was very generous to take time to demonstrate their work and facilities. Everyone seemed very happy to see Dr. Singh. Very pleasant view from the helipad! We were shown how the delivery room beds functioned, which I understand are very modern

				for the area. I also had my vision checked by the optometrist (6-6 vision). It was also
fantastic	teaching local	about the hospital's outreach programs - helping prevent anemia as well as families how to prevent malnutrition. Patients are even given special food here so they feel more comfortable and enjoy their stay as much as possible. It's clear a great deal of thought and care is put towards patients at this facility.		

झारखण्ड सरकार

आदिवासी कल्याण आयुक्त का कार्यालय, झारखण्ड मंत्रालय, धुर्वा, राँची।

आदेश

आदिवासी कल्याण आयुक्त की अध्यक्षता में ग्रामीण अस्पतालों का निविदा आधारित चयनित एजेन्सियों द्वारा संचालित अस्पतालों के शीघ्र संचालन के निमित अस्पतालों को हस्तगत करने हेतु गठित Project Monitoring Committee की बैठक दिनांक-27.11.2018 को आहूत की गई थी। उक्त बैठक में लिये गये निर्णय के आलोक में दिनांक-20.11.2018 को सायुक्त रूप से हस्ताक्षरित Concession Agreement में निहित शर्तों के अनुरूप चयनित एजेन्सी "ICERT, Ranchi" को दिनांक-1.12.2018 के प्रभाव से 'ग्रामीण मेसो अस्पताल, मननचोटांग, लातेहार एवं बानो, सिमडेगा' का Possession देते हुए OPD सेवा प्रारम्भ करने का निर्देश दिया जाता है।

Project Monitoring Committee की दिनांक-27.11.2018 को आहूत बैठक में OPD सेवा हेतु प्रतिमाह 4.00 लाख (चार लाख रुपये) एवं Medicine and Consumable as actual देने का निर्णय लिया गया।
